“GPSAFC Funding Guidelines 2017”

• Please refer to this guideline before submitting budget requests. It contains all the information needed, specifically: eligible and ineligible expenses, Tier funding and how it is applied, GPCI funding and how to apply, etc.

• Please note---these Guidelines will be amended and updated sometime Fall of 2018 to include more accurate information.

• Click here for guideline.

Summary
First general meeting of the year to discuss events/programs for entire year, elect 1L representative(s) and encourage attendance and participation. Expect 35 students, held at Myron Taylor Hall and open to graduate community.

Add Budget Item
Total for Budget Fund: $150.00
When done with the first event/program, click on “Add Budget Item” to add another entirely different event/program and make budget requests as needed for each specific event/program.

Example of event using GPSAFC and Law School Funding---insert all GPSAFC requested funds first because you cannot combine funding sources in the same request.
To now request Law School funds for the same event, click on “Add Budget Item”

Suggest requesting funds from Law School that cannot be requested via GPSAFC because of their restrictions and vice versa.

Copy and Paste Title into “Item Title” and add at end (Law School Funds), then select “Law School Funding (separate from GPSAFC)” in the drop down menu under “category”
In drop down menu under “No. Line Item” select “Law School Funding (separate from GPSAFC)” and then describe your expense and add amount of the budget request.

Describe event in “Summary” and include how event meets mission statement and/or goals for the year.
Continue to request GPSAFC and Law School Funds for subsequent planned events that will be held through April 15, 2019. This includes however many events are planned using GPSAFC and/or Law School funds.

Example of what could be the last entry in a budget submission.

**End of year brunch at Collywages on Sunday, April 14, 2019. Event meets our goal of community building and inclusiveness—particularly going into the next academic year.**
Be sure and upload any supporting documents in the “Upload Document” section such as menus, food calculations, letters of support from advisor for alumni speaker that graduated within last 5 years, previous year’s supporting documents, etc.

Upload Documents

If you need to upload scanned or electronic documents, you can do so here. Max file size is 10 MB.

There are no uploads for this request.

Upload
Once all planned programs/events budget submissions are completed but you wish for another person to review (L. Majeroni or someone else) then hit “Save and Finish Later”.

Once everything is finalized and you are satisfied with the budget then the President, Treasurer and Advisor must go back to the budget and under the “comment section” enter the phrase “I am the [insert president, treasurer, advisor] and I approve this budget.

Hit “Save & Finish Later” after each comment. Once everyone has given their approval and satisfied with budget you can hit “Submit” or hit “Submit” before everyone has given their approval—either way is fine. Just have to complete all and submit by the deadline.
A word about GPSAFC GPCI Funding Request. The funding requirements for this funding source remains unclear for now. GPSA is in the process of clarifying these instructions but in essence it states that student groups can request up to $200 in Graduate and Professional Community Initiative (GPCI) funds when requesting funds from their Tier assignment but this source of funding is outside the Tier allocation (example would be requesting $300 of Tier funds for a program and an additional $200 of GPCI to use in that same program). Currently those instructions can be found on page 11, Line 281.
After submitting budget requests, the Finance Commission meets by the dates indicated in their printed calendar to determine approvals or denials. If the budget has been approved, your budget will be set to “deferred” with a comment in the comment section that it is approved and will then convert to “approved”. If it is “denied” there will be comments in the comment section stating reasons why budget was denied, if it remains at “pending” it is likely to be missing something (signatures, information, etc.) which the commission will state in comment section and most likely moved to next budget cycle.
